You can set reorder alerts and reminders via email, text, or both at [CREON.com/login](https://www.creon.com/login)

Please see Uses and Important Safety Information on back cover.

Please see full Prescribing Information, including Medication Guide, at www.rxabbvie.com/pdf/creon_PI.pdf and discuss with your doctor.

We can help you get the vitamins you need.

CREON On Course offers an easy way to order multivitamins—at no additional cost. We know that when you're living with exocrine pancreatic insufficiency (EPI), it can be difficult to get all the important vitamins you need. Eating well isn't always enough. You might have to do more. That's why we're here to support you every month.

.....

Uses

CREON® (pancrelipase) is a prescription medicine used to treat people who cannot digest food normally because their pancreas does not make enough enzymes due to cystic fibrosis, swelling of the pancreas that lasts a long time (chronic pancreatitis), removal of some or all of the pancreas (pancreatectomy), or other conditions.

Safety Considerations

CREON may increase your chance of having a rare bowel disorder called fibrosing colonopathy. Call your healthcare professional right away if you have any unusual or severe stomach pain; frequent or abnormal bowel movements; bloating; trouble passing stool; nausea; vomiting; diarrhea; worsening of gout; painful, swollen joints; trouble with breathing; skin rashes, or swollen lips. When taking CREON, it's important to follow the dosing instructions provided by your healthcare professional. Always take CREON with food. Do not crush or chew CREON capsules or the contents of the capsule. This may cause mouth irritation.

Important Safety Information

- CREON may increase your chance of having a rare bowel disorder called fibrosing colonopathy. Tell your doctor if you have a history of intestinal blockage, or scarring or thickening of your bowel wall (fibrosing colonopathy). The risk of having this condition may be reduced by following the dosing instructions that your doctor gave you.
- **Do not crush or chew CREON capsules or their contents, and do not hold the capsule or capsule contents in your mouth.** Crushing, chewing, or holding the CREON capsules in your mouth may cause irritation in your mouth. Talk to your doctor or consult the CREON Medication Guide for how to take CREON if you have trouble swallowing capsules. Always take CREON with a meal or snack and enough liquid to swallow CREON completely. **Take CREON exactly as your doctor tells you.**

Please see additional Important Safety Information on back cover.

Please see full Prescribing Information, including Medication Guide, at www.rxabbvie.com/pdf/creon_PI.pdf and discuss with your doctor.

Use this brochure to talk with your healthcare team to discuss your options

To help you make your selections, you'll find a notes section to keep track of the vitamins you want to order. There's also a check box by each product to help you mark selections.

Don't worry—you don't have to figure this out alone. Your healthcare team can guide you to the choices that might be appropriate for you.

Ordering is simple

To place your order, call **1-844-ONCREON (1-844-662-7366)** or visit **[CREONOnCourse.com](https://www.creononcourse.com)**. Your products will then be shipped directly to you.

You are able to order one multivitamin/mineral supplement every 30 days.

You can set reorder alerts and reminders via email, text, or both at [CREON.com/login](https://www.creon.com/login)

CREON On Course is available to patients with commercial prescription insurance coverage for CREON® (pancrelipase) who meet eligibility criteria. Copay assistance, vitamins, and nutritional supplements, if any, are not available to patients receiving prescription reimbursement under any federal, state, or government-funded insurance programs (for example, Medicare [including Part D], Medicare Advantage, Medigap, Medicaid, TRICARE, Department of Defense, or Veterans Affairs programs) or where prohibited by law. Offer subject to change or discontinuance without notice. Restrictions, including monthly maximums, may apply. This is not health insurance.

Please see Uses and Important Safety Information on back cover.

Please see full Prescribing Information, including Medication Guide, at www.rxabbvie.com/pdf/creon_PI.pdf and discuss with your doctor.

Refill reminders are available

Remember you are eligible to reorder your vitamins with each CREON refill. This isn't something you have to do on your own.

You can set reorder alerts and reminders via email, text, or both at [CREON.com/login](https://www.creon.com/login)

To use the QR code:

1. Open your smartphone's camera
2. Center the QR code on your screen
3. Click the link that pops up

Important Safety Information (Continued)

- **Tell your doctor right away if you have unusual or severe:** stomach (abdominal) pain, bloating, trouble passing stool, nausea, vomiting, diarrhea, worsening of painful, swollen joints (gout), or allergic reactions, including trouble with breathing, skin rashes, or swollen lips.
- The most common side effects include increased (hyperglycemia) or decreased (hypoglycemia) blood sugars, pain in your stomach area (abdominal area), frequent or abnormal bowel movements, gas, vomiting, dizziness, or sore throat and cough.
- CREON and other pancreatic enzyme products are made from the pancreas of pigs, the same pigs people eat as pork. These pigs may carry viruses. Although it has never been reported, it may be possible for a person to get a viral infection from taking pancreatic enzyme products that come from pigs.

Refer to the CREON Medication Guide and Consumer Brief Summary every time you refill your prescription because information may change. Tell your healthcare provider if you have any symptom or side effect that bothers you or that does not go away.

You are encouraged to report negative side effects of prescription drugs to the FDA. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

If you are having difficulty paying for your medicine, AbbVie may be able to help. Visit [AbbVie.com/myAbbVieAssist](https://www.abbvie.com/myAbbVieAssist) to learn more.

Please see Uses and Important Safety Information throughout this brochure.
